Challenges and opportunities for agriculture, forestry and rural areas

Stepping up **investments into research and innovation (R&I)** to address the challenges and seize the opportunities

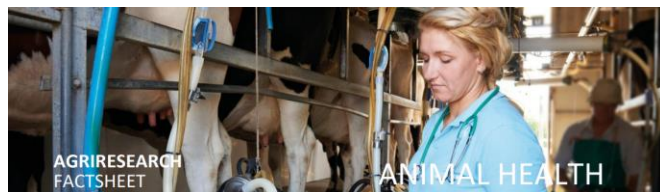

Horizon funded **transnational R&I projects**,
i.e., science only and multi-actor projects

CAP funded **local innovation projects**
i.e., EIP- AGRI operational groups

Many EU-funded R&I projects in priority areas...

... that deliver **new knowledge and innovative solutions** for farmers, foresters and rural communities

1

Can we **preserve the knowledge and innovation** generated by so many EU-funded R&I projects in the **long-term**?

2

Can we bring all the tangible outputs of EU-funded R&I projects together in **one user-friendly, online platform**?

3

Can we help farmers, foresters and rural communities across Europe to **get the right knowledge** from the EU-funded R&I projects in a **practice-oriented, ready-to-use form**?

The screenshot shows the homepage of the EU-FarmBook website. At the top, there is a dark blue navigation bar with the EU-FarmBook logo, links for 'About', 'Support', and 'Topics', a search icon, and 'Login' and 'Sign up' buttons. Below the navigation bar, the main heading 'EU-FarmBook' is displayed in large, bold, dark blue letters. Underneath the heading, the text reads 'The point of reference for farmers, foresters and advisors.' A search bar is positioned below the text, containing the placeholder 'Search for keywords, creators...' and a blue 'Search' button with a magnifying glass icon. Below the search bar, there is an example search query: 'Ex: forest irrigation, David Simmons, biomass,...' and a link for 'Search tips'. The background of the main content area features a large, stylized graphic with two circular cutouts. The left cutout shows a woman in a plaid shirt and cap examining wheat in a field, with another person in the background. The right cutout shows a sunlit forest path. A vertical blue button labeled 'Report a problem' is located on the right side of the graphic.
